Mary E. Pillsbury, Bertha M. Wright, teachers.

In general, the teachers have been faithful and the pupils have made fair progress. We think the Atwell Hill school and the Grammar school in the village should have special mention.

A new school house has been built on Sanders Hill. Charles Merrill supervized the work in a very efficient and economical manner. His bill for work, materials, teacher's desk and chair was \$253.83. The seats cost \$20.63; stove, \$10; making and recording two deeds, \$2.

The school house on the East Side has been partly clapboarded and furnished with new seats. The Rowentown school house has been shingled.

Enumeration by truant officers in April showed 56 boys and 46 girls between five and sixteen years of age.

The whole number of different pupils registered in all the schools is 138. The average attendance is 90.

We wish this last item could make a better showing next year. Schools, whether good or poor, amount to nothing unless the children attend them. And we would ask

the parents and others to visit the schools and manifest the interest which must be felt by every good citizen.

Wages paid the various teachers, and all other expenses, will be found in the treasurer's report.

Respectfully submitted,

PERSIS M. PLUMMER, *For School Board.*
